In the crossings 7.0, 3.5 and 2.0, any natural person of any nationality born from the year 2007, will have the chance to participate (race recommended for over 18 years). Minors under 18 years must provide the federative license of the Catalan Swimming Federations and/or written parental or guardian authorisation at the time of collecting the bib. No underage participant may take part in the Radikal ocean52 without this authorisation signed and delivers to the organization.

To participate in the Radikal ocean52 7.0 and 3.5 crossings, the organization recommends that all participants have been able to complete a crossing of 3000m distance or more, or have a time under 40min in 1500 meters in the last two years.

All participants declare that they are in the physical and psychological conditions necessary to carry out the race and accept to participate under their responsibility. Given the toughness of the race (itinerary, water temperature, ...), the organization recommends that participants do not register if they do not feel with sufficient capacity to complete any of the crossings.

3.1.- BIB COLLECTION

The delivery of the bib will be on **Friday 10th of October 2025 between 17h and 21h in the enabled tents on the Llafranc's Beach**. It may also be done by a friend, family member or companion with an ID image of the indicated person (a photo/photocopy ID will be valid). There will be an **express** bib collection on **Saturday 11th of October during the morning in Llafranc**.

- Between 7:00h and 7:45h for the 7.0 and 3.5 crossings.
- Between 9:30h and 10:30h for the 2.0 crossing.

4.- EQUIPMENT

The organization recommends the use of wetsuit, since the water temperature on the Costa Brava during the month of October is usually between 20 and 21 degrees. The sea conditions may cause the crossing, especially the 7.0, to easily exceed two hours. The wetsuit not only helps to avoid hypothermia, but also protects against jellyfish stings. However, participants who wish may opt to wear conventional swimsuits, always under their own responsibility.

For safety and monitoring reasons of the participants, it is mandatory to use swimming cap provided by the organization, as well as the chip and the distinctive bracelet during any of the crossings. All these materials will be supplied by the organization at the time of the bib's delivery.

In addition, **the use of a safety buoy is mandatory** for all participants, as a protection and visibility measure during the race.

The organization will allow the use of watches or aquatic GPS, but not the use of any auxiliary, flotation or assistance equipment. Likewise, the use of aquatic MP3 devices or similar, which may hinder the hearing of safety notices, is strictly prohibited.

4.1.- RENTAL CHIP

All the participants who do not have their own Championship timing chip (**yellow colour**), must rent one on a one-time basis for the crossing they swim. This must be returned at the finish. To formalize the rental of this chip, it is necessary to indicate it at the same time of registration, which will involve an additional cost of 3€.

5.- REGISTRATION

The registration period begins on **December 20th** and the maximum deadline for register will end on **October 3rd of 2025** at 23:59h, provided that the maximum limit of participants established by the organisation has not been achieved earlier:

The organization will identify the kayaks, which will have fluorescent vests to properly guide the swimmers.
There will also be general support boats to cover the safety of the crossing, as well as boats with specialized crew to assist athletes at sea. The number of boats and kayaks may vary depending on the final number of participants, with the aim of ensuring the safety of the swimmers.

The organization will provide refreshments to the participants of the Radikal ocean52 at the beginning of the crossing (liquid) and at the end of the crossings (liquid and solid). In the case that any participant withdraws, they must notify the organization for safety reasons and return the white rental chip.

10.- OBLIGATION TO FINISH THE CHALLENGE

The organization reserves the right to end the crossing for any participant to ensure their safety. Below are some of the reasons why the members of the organization reserve the right to put an end to the adventure, obliging the participants to board a support boat:

- Deterioration of sea conditions that endanger the participants of the crossing.
- Whenever a swimmer shows signs of extreme fatigue, dehydration, hypothermia, extremely slow pace, or any other sign that prevents the participant from swimming normally.
- Swimmers who do not follow the safety instructions of the organization, as well as swimmers who are outside the safety limits marked by the kayaks.
- When the swimmer makes the distress signal, raising one or both arms.
- When the participant exceeds the established time limit.

The volunteers on the boats will ensure the safety of the swimmers and may force any swimmer to abandon the event to guarantee their safety.

11.- MODIFICATION OF THE EVENT

In case of rough sea or other adverse phenomena (jellyfish bank, currents...), the organization reserves the right to change the route of the crossing and choose one of the already selected alternative routes. If it is not possible to carry out the crossing without endangering the safety of the participants with an alternative route, the organization will be forced to cancel the event and in no case will the registration fee be refunded. In no case will the event be postponed to another date.

12.- CLOTHING TRANSPORT SERVICE

The organization offers a clothing transport service for the participants of the **7.0** and **2.0** crossings, which will make the journey from **Calella** to **Llafranc**. In case of loss of personal items, the organization will not be held responsible, so it is recommended not to leave valuables in the clothing bags intended for transport.

For the 3.5 crossing, participants may leave their belongings in the cloakroom located in Llafranc before boarding. Those who swim without a wetsuit and need to bring some warm clothing during boarding and transport to the Formigues Islands may use the on-board cloakroom service, which will provide bags to deposit warm clothing just before boarding and which will later be found in the general cloakroom located in Llafranc.
